

One upload. Everything automated.

SnapR transforms ordinary property photos into luxury showcases, then auto-generates every marketing asset a real estate professional needs — descriptions, captions, property websites, scheduled social posts, and branded videos — without touching another tool.

- 4

Property Website

0¢

Auto-generates a public property site with photo gallery, details, contact form, and SEO. 4 themes available.

- 4 Themes
- Modern · Classic · Minimal · Luxury
- No AI cost

5

Scheduled Social Posts

0¢

All 5 platforms auto-scheduled with UTM-tagged property site links. Cron publishes every 15 minutes.

- Auto-publish
- UTM tracking built-in
- No AI cost

6

Branded Property Video

~\$1.50

Remotion Lambda renders a branded slideshow video in all 3 aspect ratios. Template auto-selected by listing status. Fire-and-forget — non-blocking.

- Remotion 4.0
- AWS Lambda · 15 min render
- 9:16 · 1:1 · 16:9
- Pro/Agency only

Total cost per listing

~\$1.95

Description + Captions + Video

VIDEO ENGINE — REMOTION LAMBDA

5 Property Video Templates × 3 Formats = 15 Variants

Property Showcase

Ken Burns zoom/pan slideshow with branded closing card. Default template for all listings. Fade transitions.

9:16 1:1 16:9

Just Listed

Urgency pacing with "JUST LISTED" intro card, event badge, feature callouts, and slide transitions.

9:16 1:1 16:9

Open House

Date/time urgency badge with open house event details. Wipe transitions. Auto-selected for open house status.

9:16 1:1 16:9

Price Drop

Sold

WHAT'S IN EVERY VIDEO

- Smart photo ordering (hero → exterior → interior)
- Royalty-free background

Red urgency styling with old price strikethrough, percentage drop badge. Accelerated 2–3s pacing.

9:16 1:1 16:9

Purple celebration styling with "Sold in X Days" social proof badge. Highlights final price and days on market.

9:16 1:1 16:9

- music (6 tracks)
- 🎤 AI voiceover (optional, ElevenLabs)
- 🔊 Volume ducking (music dips under voice)
- 🏠 Agent watermark logo (slideshow)
- 📄 Branded closing card (contact + brokerage)
- 🎨 Custom brand colors applied throughout

AUDIO — ELEVENLABS + OPENAI TTS

AI Voiceover System

4 SCRIPT STYLES

Professional

Formal, business-like tone for high-end real estate

Luxury

Elegant, sophisticated — emphasizes exclusivity

Friendly

Warm, approachable — makes viewers feel welcome

First-Time Buyer

Helpful, informative — highlights practical value

Script generation: GPT-4o generates personalized scripts from listing data (address, price, beds, baths, sqft). 130 words/min pacing. Duration auto-calculated from photo count × 3s. Pricing: 30s=\$5 · 60s=\$8 · 90s=\$12 · 120s=\$15.

Fallback: OpenAI TTS HD (shimmer voice) if ElevenLabs is unavailable.

BRAND IDENTITY

Agent Branding in Every Asset

BRAND PROFILE DATA

-  Brokerage name
-  Agent name
-  Contact phone
-  Email address
-  Website URL
-  Brand colors
-  Logo upload
-  Agent photo

WHERE BRAND APPEARS

- 

Video Watermark

Agent logo, top-right corner, 85% opacity, throughout slideshow
- 

Video Closing Card

Name · Phone · Email · Brokerage logo · Brand color accents
- 

Property Website

Agent contact section, brand colors on CTA buttons
- 

Print Materials (Flyer + Sheet)

Logo, contact info, brand colors on all PDF exports
- 

Social Posts

Agent handle tagged in scheduled posts, watermark on images

PHASE 3 — DISTRIBUTE

5-Platform Social Publishing

Facebook

- Single photo posts
- Multi-photo albums
- Video (via /videos)
- Long-lived token auth
- Page publishing

Instagram

- Single photo posts
- Photo carousels
- Reels (video)
- 3-step container flow
- Business account

LinkedIn

TikTok

Text posts
Single image
Document carousels
Community Mgmt API v2
3-step image upload

Video (PULL_FROM_URL)
Photo carousels
v2 Content Posting API
H.264 1080×1920

⚠ Unaudited: posts private until app audit

Twitter / X

Text posts
Single image
Thread support
PKCE S256 OAuth
Media upload v1.1

UTM tracking auto-applied: Every scheduled post caption gets a UTM-tagged property site link — `utm_source=platform`
· `utm_medium=social` · `utm_campaign=post_type` · `utm_content=listing_id`

PHASE 4 — MEASURE

Analytics & Automation

METRICS TRACKED PER POST

Likes	Raw like count per platform
Comments	Comment count
Shares	Reshares/reposts
Impressions	Total views (non-unique)
Reach	Unique accounts reached
Engagement Rate	(likes+comments+shares) ÷ impressions

AUTOMATION SCHEDULES

	Publish Scheduled Posts	Every 15 min
	Sync Analytics	Every 6 hours
	Refresh OAuth Tokens	Every 4 hours
	Daily Digest Email	8 AM UTC daily

STATUS-TRIGGERED RE-MARKETING

- 🔗 Price Drop → triggers PriceDrop video + new captions
- 🔗 Open House → triggers OpenHouse video +

urgency posts

🔄 **Sold** → triggers Sold video + celebration posts

🔄 **Back on Market** → triggers JustListed sequence
