- 11. KPIs & Tracking**
- 12. Week-by-Week Execution Calendar**
- 13. Content Assets Checklist**
- 14. Risk Mitigation**
- 15. First 30 Days Action Plan**

1. Executive Summary

SnapR is an AI-powered photo enhancement and marketing automation platform for real estate professionals. This plan covers taking SnapR from zero users to first revenue with no existing network in the U.S. market.

Metric	Target
Paying customers	10+ within 90 days
Phase 1 budget	\$0 (organic only)
Phase 2 budget	\$600-1,500/mo (paid ads)
Founder time (Phase 1)	2-3 hours/day
Founder time (post-agents)	<30 min/day

2. Target Market

Primary Segments (in priority order)

Segment	Size (U.S.)	Pain Point	SnapR Value	Avg Deal
RE Photographers	~50,000	Editing takes 2-4 hrs/listing	60-sec AI editing, batch	\$300-600/mo
RE Agents	~1.5M active	Marketing materials tedious	Auto descriptions, captions, posts	\$300/mo
Brokerages	~100,000	Inconsistent quality	Brand consistency, team dashboard	\$299/mo

Why Photographers First

- They process 5-30 listings/month (high volume = high value per customer)
- They're the bottleneck in the listing pipeline (agents wait for them)
- They talk to each other (tight community = word of mouth)
- They're active in online groups (easy to find)
- If photographers love it, they recommend it to agents

3. Competitive Landscape

Competitor	What They Do	Price	SnapR Advantage
BoxBrownie	Manual photo editing (outsourced)	\$1.60-\$40/image	Instant (60s vs 24 hrs), per-listing
Photofy	Social media templates	\$10-30/mo	Includes photo editing + social + MLS + video
Virtuance	Photography service + editing	\$150-400/shoot	Works with any photos, no photographer needed
Canva	General design tool	\$13-30/mo	Real-estate-specific, auto-generates everything
Matterport	3D virtual tours	\$10-70/mo	Different product; SnapR complements
CubiCasa	Floor plans	\$30-90/mo	SnapR includes floor plans as a feature

SnapR's Competitive Moat

1. **All-in-one:** Photo editing + marketing + social + video + MLS in one platform
2. **Speed:** 60 seconds per listing vs hours of manual work
3. **Per-listing pricing:** Predictable cost, not per-image
4. **AI automation:** Marketing materials auto-generated, not templated

4. Positioning & Messaging

Tagline: **"Transform Listings in 60 Seconds"**

Elevator Pitch

SnapR turns ordinary property photos into luxury showcases and auto-generates everything you need to market the listing -- MLS descriptions, social captions, property sites, and scheduled posts. All in 60 seconds. No editing skills needed.

Key Messages by Audience

For Photographers:

Stop spending hours in Lightroom. Upload your shoot, click Prepare, and SnapR enhances every photo with consistent sky replacement, HDR, twilight conversion, and virtual staging. Deliver to

clients same-day instead of next-week.

For Agents:

Your listings deserve better. SnapR takes your phone photos and turns them into professional marketing materials -- enhanced photos, MLS descriptions, social posts, and a property website. All automatic, all in 60 seconds.

For Brokerages:

Your agents spend 3+ hours per listing on photos and marketing. SnapR reduces that to 60 seconds with consistent brand quality across every agent. One platform, one subscription, your entire team.

5. Phase 1: Pre-Launch Preparation

Goal: Prepare all marketing assets before driving any traffic.

Timeline: Week 1

5.1 Create Demo Content (Day 1-2)

Task	Details	Time
Process 15 before/after pairs	Luxury, suburban, rental, commercial, fixer-upper	2 hrs
Sample listing walkthrough	Screen recording: upload, prepare, download, share	1 hr
Capture 3 "money shots"	Most dramatic transformations (for ads/social)	30 min
Export social-ready assets	1:1 (Instagram), 9:16 (TikTok), 16:9 (YouTube)	1 hr

Before/After Categories:

- Overcast sky --> Clear blue sky (most dramatic, always viral)
- Daytime exterior --> Virtual twilight (luxury feel)
- Empty room --> Virtual staging (most valuable to agents)
- Dull interior --> HDR enhanced (subtle but professional)
- Overgrown lawn --> Clean lawn (satisfaction content)

5.2 Set Up Social Media Accounts (Day 2)

Platform	Handle	Bio	Link
Instagram	@snapr.ai	AI-powered RE photo editing. Transform listings in 60 sec.	snap-r.com
TikTok	@snapr.ai	Real estate photos to luxury in 60 sec. Free to try	snap-r.com
Facebook	SnapR Page	AI-powered photo enhancement for real estate pros	snap-r.com
LinkedIn	SnapR	AI-powered real estate photo enhancement & marketing	snap-r.com
Twitter/X	@snapr_ai	Transform real estate listings in 60 seconds with AI	snap-r.com
YouTube	SnapR	AI real estate photo editing tutorials and demos	snap-r.com

5.3 Set Up Analytics (Day 2)

- Google Analytics 4 -- add tracking script, set up conversion events (signup, checkout)
- UTM templates -- create for each channel (social, email, ads)
- Conversion tracking -- define funnel: Visit --> Signup --> First Listing --> Paid
- Referral tracking -- add ?ref= param support for attribution

5.4 Landing Page Optimization (Day 3)

Element	Current	Optimization
Hero section	Static image + CTA	Add interactive before/after slider (already built)
Social proof	None	"Join X photographers enhancing listings with AI"
Explainer video	On page (Cloudinary)	Ensure autoplay muted, prominent placement
Pricing CTA	Pricing page linked	Add "Start Free -- No Credit Card" badge
Trust signals	None	"Bank-level encryption", "No per-photo fees"

6. Phase 2: Organic Growth (Week 2-6)

Goal: Acquire first 50-100 free users and first 5-10 paying customers through free channels.

Channel 1: Facebook Groups (Highest ROI)

Group Name	Members	Focus
Real Estate Photographers	~45K	RE photo editing, gear, business
Real Estate Photography	~30K	Techniques, editing, pricing
Real Estate Agents & Realtors	~50K+	Marketing, leads, tools
Luxury Real Estate Agents	~15K	High-end market
RE Social Media Marketing	~20K	Social strategy, tools
Lab Coat Agents	~100K+	General RE marketing
Photographer Post-Processing	~25K	Editing techniques
RE Marketing Pros	~12K	Marketing tools and strategies

Strategy (value-first, NOT spam):

Week 2-3: Establish Presence -- Join 10-12 groups, engage genuinely for 3-5 days, do NOT post links yet.

Week 3-4: Value Posts -- Post before/after images, ask questions about workflows, share free tips. No links.

Week 4-6: Soft Promotion -- Reply with snap-r.com when asked "what tool?", offer free listing processing, share demo link.

Expected: 5-15 signups per week from group engagement.

Channel 2: Instagram & TikTok

Content Calendar -- Post Daily:

Day	Content Type	Format	Example
Mon	Before/After	Carousel / Transition reel	Overcast to blue sky
Tue	Quick tip	Text overlay reel (15s)	"AI does twilight in 10 seconds"

Wed	Before/After	Carousel / Reel	Empty room to staged room
Thu	Product demo	Screen recording (30s)	Upload, click Prepare, results
Fri	Before/After	Carousel / Reel	Dull interior to HDR enhanced
Sat	Testimonial/stat	Static graphic	"30 listings in under 30 minutes"
Sun	Behind the scenes	Story / TikTok	How the AI works

Reel/TikTok Format (15-30 seconds):

- 0-3s: HOOK -- "This \$400K listing looked TERRIBLE in photos..."
- 3-8s: Show the "before" photo (ugly, overcast, cluttered)
- 8-15s: "One click later..." + show the "after" (stunning, blue sky)
- 15-20s: Show the app doing it (screen recording, speed up)
- 20-25s: CTA -- "Try it free at snap-r.com"

Expected: 500-1,000 followers per platform by Week 6, driving 10-20 website visits/day.

Channel 3: Reddit

Subreddit	Members	Approach
r/realestatephotography	12K	Technical discussion, show results
r/RealEstate	800K	Occasional tool recommendation
r/realtors	80K	Marketing tips with tool mention
r/SideProject	100K	"I built this" launch post
r/SaaS	50K	Building in public, metrics
r/Entrepreneur	1M	Building a SaaS story

Expected: 1-2 viral posts can drive 500-2,000 visitors. Ongoing: 5-10 signups/month.

Channel 4: YouTube SEO (Long-term)

#	Title	Target Keyword	Length
1	How to Edit RE Photos in 60 Seconds (AI vs Manual)	Real estate photo editing	5-8 min
2	RE Photo Editing Software: 2026 Comparison	RE photo editing software	8-12 min
3	AI Sky Replacement for RE Photos	sky replacement real estate	3-5 min

4	Virtual Staging vs Real Staging	virtual staging	6-10 min
5	Create a Property Listing in Under 2 Min	create property listing fast	3-5 min

Expected: Slow (3-6 months to rank) but compounds. Each video: 50-200 visits/month indefinitely.

Channel 5: Cold Email Outreach

Target: 10-20 new leads per day, 50 emails per week.

Email Template A: For Photographers

```
Subject: Free listing edit for {company}, {first_name}

Hi {first_name},

I came across {company} -- love your work. I built an AI tool called SnapR that
enhances real estate photos in 60 seconds -- sky replacement, twilight, HDR,
virtual staging -- all automatic.

I'd love to process one of your listings for free. No credit card, no strings.

Just upload here: snap-r.com/?ref={city_slug}

P.S. Here's a recent before/after: {before_after_url}
```

Email Template B: For Agents

```
Subject: Your listings could look like this, {first_name}

Hi {first_name},

Quick question: how much time do you spend per listing getting photos edited,
writing the MLS description, and creating social posts?

SnapR does all of that in 60 seconds: AI photo enhancement, auto-generated MLS
description, social media captions for 5 platforms, property website with your
branding.

Try free -- 3 listings/month, no credit card: snap-r.com/?ref={city_slug}
```

Follow-up Schedule

- **Day 3:** Follow-up 1 -- "Just checking if you saw my email. Here's a 60-sec demo video."
- **Day 7:** Follow-up 2 -- "Last note from me. If you ever want to try AI photo editing: snap-r.com."
- **After Follow-up 2:** Stop. Never email again unless they respond.

City Rotation (one city per week)

Week	City	Rationale
1	Los Angeles	Huge RE market, tech-savvy

2	Miami	Luxury market, lots of photographers
3	New York	Volume market
4	Chicago	Midwest, less competition
5	Houston/Dallas	Texas growth market
6	San Francisco/Seattle	Tech-savvy, early adopters

Expected: 5-10% reply rate, 2-3% conversion to free signup, 20-30% of free users upgrade within 30 days.

7. Phase 3: Conversion Optimization

Free to Paid Conversion Triggers

Trigger	When	Action	Channel
Usage limit approaching	User at 2/3 free listings	Email: "Upgrade for more listings"	Resend
Watermark frustration	Clicks "Remove Watermark"	Modal: "Upgrade to Gold"	In-app
Feature gate hit	Tries Content Studio/Video	Modal: "Available on Gold"	In-app
Day 1 post-signup	24 hours after signup	Welcome + quick-start guide	Drip
Day 3 post-signup	3 days after signup	Best before/after showcase	Drip
Day 7 post-signup	7 days	"1 free listing left. Upgrade"	Drip
Day 14 post-signup	14 days, no upgrade	"20% off: code SNAPR20"	Drip
Inactive 7 days	Paid user, no login	"We miss you! What's new"	Resend

Drip Email Sequences

Free User Onboarding Sequence:

- Day 0: Welcome to SnapR! Here's your quick-start guide.
- Day 1: Tip -- Upload all your photos at once, AI handles the rest.
- Day 3: See what SnapR Gold members are creating.
- Day 7: You've used X of 3 free listings. Upgrade before they reset.
- Day 14: Exclusive 20% off your first month. Code: SNAPR20.
- Day 30: Monthly recap -- you processed X listings and saved Y hours.

8. Phase 4: Paid Acquisition (Week 6+)

Prerequisite: At least 5 paying customers from organic. Paid ads amplify what already works.

Google Ads -- Search Campaign

Keyword	Est. CPC	Intent
real estate photo editing software	\$3-5	High
real estate photo enhancement	\$2-4	High
virtual staging software	\$3-6	High
sky replacement real estate	\$1-3	High
MLS photo editing	\$2-4	High
real estate marketing automation	\$4-7	High
AI real estate photos	\$2-4	High

Ad Budget Summary

Channel	Daily	Monthly	Target CPA
Google Search	\$25	\$750	\$30-50
Facebook/Instagram	\$20	\$600	\$20-40
LinkedIn (Enterprise)	\$10	\$300	\$50-100
TOTAL	\$55	\$1,650	

Break-even: At \$300/mo avg revenue per customer, need 5.5 customers/month from ads.

9. Phase 5: Partnerships & PR (Week 8+)

Partner	Type	Approach
PFRE (Photography for RE)	Blog/Review	Pitch guest post to Larry Lohrman
Lab Coat Agents	Community	Present at their weekly show
Tom Ferry (RE coach)	Endorsement	Offer free tool for coaching clients
KW (Keller Williams) Tech	Integration	Pitch as technology partner
NAR	Conference	REALTOR Conference booth
PPA	Newsletter	Sponsor email or present at Imaging USA

Referral Program

- Existing users get 1 free month for each referral who subscribes
- Referred user gets 20% off first month
- Track via ?ref= URL parameter (already supported in SnapR)

10. Revenue Projections

Conservative Scenario

Month	Free Users	Paid Users	MRR	Cumulative
1	50	3	\$900	\$900
2	150	10	\$3,000	\$3,900
3	350	22	\$6,600	\$10,500
4	550	38	\$11,400	\$21,900
5	800	55	\$16,500	\$38,400
6	1,100	75	\$22,500	\$60,900

Assumptions:

- 5-8% free-to-paid conversion rate
- \$300/mo average revenue per paid user (Gold 15 listings)
- 5% monthly churn
- Organic channels drive 70% of signups in Month 1-3
- Paid ads start Month 2, drive 30% by Month 3

Optimistic Scenario (1 viral moment)

Month	Free Users	Paid Users	MRR
1	200	8	\$2,400
2	600	30	\$9,000
3	1,500	80	\$24,000

A single viral TikTok/Reel (before/after transformation) can drive 1,000+ signups in a week.

11. KPIs & Tracking

Metric	Month 1	Month 3	Month 6
Website visitors	500/week	2,000/week	5,000/week
Signups	12/week	50/week	100/week
Free-to-Paid conversion	5%	8%	10%
MRR	\$900	\$6,600	\$22,500
CAC (organic)	\$0	\$0	\$0
CAC (paid)	N/A	\$35	\$25
Churn rate	10%	5%	4%
Social followers (total)	500	3,000	10,000
Cold emails sent/week	50	250	250
Email response rate	5%	8%	10%

12. Week-by-Week Execution Calendar

Week 1: Preparation

Day	Task	Time	Owner
Mon	Process 15 before/after demo pairs	2 hrs	Founder
Mon	Record 2-min product walkthrough video	1 hr	Founder
Tue	Create all social media accounts	1 hr	Founder
Tue	Set up Google Analytics 4	30 min	Dev
Wed	Create first 5 before/after reels	2 hrs	Founder
Wed	Optimize homepage	2 hrs	Dev
Thu	Join 10 Facebook groups	1 hr	Founder
Thu	Set up drip email sequences	1 hr	Dev
Fri	Write 3 FB group value posts	1 hr	Founder
Fri	Prepare cold email templates	1 hr	Founder

Week 2: Launch Organic Channels

Daily routine: Post 1 reel, engage in FB groups (30 min), send 10 cold emails (30 min). Total: ~2 hrs/day.

Week 3-4: Scale What Works

- Continue daily social posting
- Expand cold email to 50/week
- Post first Reddit thread (r/SideProject)
- Record first YouTube video
- Monitor engagement --> double down on top content types

Week 5-6: Optimize & Consider Paid

- Review conversion data: which channel drives most signups?

-
- If 5+ paying customers from organic --> launch Google Ads at \$20/day
 - Create Facebook ad with best-performing before/after content
 - Start YouTube SEO videos (1/week)
 - Expand cold email to new cities (2 cities/week)

13. Content Assets Checklist

Images (Week 1)

- 15 before/after pairs (high-res, various property types)
- 5 square (1:1) crops for Instagram
- 5 vertical (9:16) crops for TikTok/Reels
- 3 landscape (16:9) for YouTube thumbnails
- Logo + brand kit for social profiles
- Open Graph image for snap-r.com

Videos (Week 1-2)

- 2-minute product walkthrough (screen recording)
- 5 before/after transition reels (15-30 sec)
- 60-second 'how it works' explainer
- 30-second ad creative (before/after with CTA)

Copy (Week 1)

- 3 cold email templates (photographer, agent, brokerage)
- 2 follow-up email templates
- 7-email drip sequence for free users
- 20 social media captions (4 per platform)
- 5 Facebook group value posts
- Reddit launch post draft
- Google Ad copy (3 variations)
- Facebook Ad copy (3 variations)

14. Risk Mitigation

Risk	Likelihood	Impact	Mitigation
Low signup conversion	Medium	High	A/B test landing page, improve demo
Cold emails marked spam	Medium	Medium	Limit 50/day, business domains, unsubscribe
FB group posts removed	High	Low	Follow rules, value before promoting
Low free-to-paid conversion	Medium	High	Improve onboarding, test pricing
High churn after Month 1	Medium	High	Improve engagement, collect feedback
Competitor launches similar	Low	Medium	SnapR is all-in-one, hard to replicate
Social content no virality	High	Low	Consistent posting compounds over time
Google Ads CPA too high	Medium	Medium	Start small, pause if CPA > \$50

15. First 30 Days Action Plan

WEEK	FOCUS	KEY ACTIONS	EXPECTED OUTCOME
Week 1	PREPARE	15 before/after, 5 reels, social accounts, analytics, email templates	All assets ready, channels set up
Week 2	LAUNCH	Daily social posts, 30 cold emails, FB group engagement	First signups expected
Week 3	EXPAND	Reddit launch post, YouTube video #1, 50 cold emails/week	20-30 free users expected
Week 4	CONVERT	Drip sequences triggering, upgrade emails sending, feedback collection	First 2-5 paying customers expected

Metric	Value
Total cost (Phase 1)	\$0 (all organic)
Founder time	2-3 hours/day
Time to first revenue	~30 days
Month 3 MRR target	\$6,600
Month 6 MRR target	\$22,500

The product is built. The code is solid.
Now it's about getting it in front of the right people.

The first 10 paying customers will come from personal outreach and Facebook groups -- not ads. Ads scale what's already working.
